## CNC ROUTERS AND ENGRAVERS

ROUTING & ENGRAVING - TOTAL FLEXIBILITY

### PCB ENGRAVER

The Denford PCB Engraver has made a real name for itself since its recent launch, and is now a firm favourite with schools wanting to move away from traditional methods of PCB manufacture. It is simple to use and comes with everything you need to engrave and cut a wide range of materials, including copper board, plastic and acrylic.

**ONLY £2,995** (+VAT & delivery)

Compact 1000

### COMPACT 1000/PRO, ROUTER 2600/PRO

The Denford Compact 1000 and Router 2600 are built to the very best traditions of British Manufacturing. These high speed machines are suitable for use with a broad range of resistant materials; and, in addition, the Compact 1000 Pro and Router 2600 Pro models have the capacity to cut non-ferrous metals. These machines come with a full 3 Year Parts and Labour Warranty.

**FROM £7,345** (+VAT & delivery)

Router 2600 with Universal Machine Bench

### Optional Accessories

F1 in Schools Car Fixture

4th Axis Programmable Rotary Fixture
