VIRTUAL REALITY ROBOT
# USER GUIDE INSTALLATION.

INSTALLATION PROCEDURE.

The Virtual Reality Robot User Guide is provided on the CD-ROM, in electronic "Adobe Acrobat" format. To view the guide, you must install the "Adobe Acrobat Reader" onto your computer:

1) Switch on your computer and start Windows 95 or NT, if required.

2) Insert the Denford Virtual Reality CD into your CD-ROM drive. If your cd-rom is set to autorun, the main program install routine will automatically start. Cancel any installation screens that appear.

3) Use Windows Explorer to view the folders and files contained on the CD. Double click the left mouse button on the folder named "Manuals", then on the folder named "Acroread".

4) Double click the left mouse button on the file named "ar32e301.exe" and follow the on-screen instructions to install the "Adobe Acrobat Reader" program.

5) To view the guide, double click the left mouse button on the file "Vr_robot.pdf", contained on the CD (shown below as E:) at the following location:

E:\Manuals\Vr_robot.pdf

Navigating around the Electronic Manual.
